Start-up Slams

The NutrEvent Start-up Slams offer the opportunity to detect the most innovative and promising start-ups, in order to foster partnerships and business development in the Food, Feed, Nutrition and Health sectors.

The Start-up Slams are a great opportunity for **young companies** seeking to raise a financing round to showcase their project in front of potential partners and investors.

The selected candidates will pitch to a jury of experts and in front of NutrEvent's audience and receive advice and feedback ("**speed-mentoring**") from a panel of experts.

The winner(s) will be awarded as the **most innovative start-up(s)** in Europe.

Selected candidates will have enhanced visibility on NutrEvent communications and the opportunity to be coached to improve their pitch during a warm-up session with NutrEvent Steering Committee members.
